Barriers to Preparedness

Apathy

"It won't happen here."

"I won't worry about this until a threat is imminent."

Fatalism

"Whatever I do won't make a difference in the event of a big disaster."

Not on my radar

"I just haven't thought about it."

Avoidance

"I don't like to think about it."

Lack of information

"I don't know how to do this."

Lack of resources

"I don't have the money/time."

"I'm unable to do this."

Objectives

- The goal of National Preparedness Month (NPM) is to increase the overall number of individuals, families, and communities that engage in preparedness actions at home, work, businesses, school, and place of worship.
- To expand national preparedness by increasing National Preparedness Community (NPC) membership and utilization of collaborative online tools:
 - **Events Calendar**
 - **Discussions**
 - **Toolkit Downloads**
 - **Sharing Stories and Photos**

Our Role

- This year's theme is **"You Can Be the Hero."** Preparedness is an individual responsibility. The better prepared you are, the more likely you are to save a life. Be a preparedness hero in your community!
- Share the message of preparedness and engage others in preparedness activities. People are more likely to hear and act on messages from people they know and trust.
- Join the National Preparedness Community (NPC) at Community.FEMA.gov. Get resources and receive support from your peers and emergency management personnel to help you plan your NPM activities.

Join the National Preparedness Community (NPC)

Community.FEMA.gov is the online home of the National Preparedness Community. Connect, collaborate, educate, and empower yourselves and others to fulfill our shared responsibility to prepare!

Specifically, we can use the Community to:

- Learn from each other and share resources
- Engage in discussions with emergency management personnel
- Coordinate, participate, and engage others in NPM activities

Basic Preparedness Steps

- Stay Informed about types of emergencies that can occur and know the appropriate responses.
- Make a Family Emergency Plan
- Build a Kit
- Get Involved

Ready. *Prepare. Plan. Stay Informed.* **Family Emergency Plan** 

Make sure your family has a plan in case of an emergency. Before an emergency happens, sit down together and decide how you will get in contact with each other, where you will go and what you will do in an emergency. Keep a copy of this plan in your emergency supply kit or another safe place where you can access it in the event of a disaster.

Self-reliance in Disasters

- **Preparedness is an individual responsibility**

When you are prepared and an emergency strikes, first responders are able to assist those in greatest need

- **Self-reliance extends to helping neighbors and friends**

Be ready to lend a hand to those in need

Know Your Local Risk

- Types of hazards likely to occur in your community
- Their appropriate responses (before, during and after an event)
- The emergency plans available in your community

Make a Plan

You may not be together as a family when an emergency happens. Consider what to do if there is no access to cell phones, gas stations, grocery stores, ATMs, etc.

- Identify a common out-of-town contact for your family
- Know school and work plans
- Identify meeting places
- Visit Ready.gov/make-a-plan for a family emergency plan template
