The Borough would like to recognize and thank Bonnie Wells of Coastal Real Estate for all of her help finding and collecting the pictures used in this calendar.
The Borough would like to thank Ralph Berglund and Jack Reynolds for the use of their amazing images in the calendar this year.
## CURBSIDE COLLECTION
### Residential & Commercial

### RECEPTACLES:
- **Trash** = up to 6 cans permitted
- **Recycling** = unlimited
- **Trash containers** no more than 32 gallon capacity
- **Trash containers** cannot weigh more than 40lbs when filled
- Place can no farther than 10’ from the curb line for pick-up
- Containers stored under porches and the like will NOT be emptied
- **Containers must have lids**
- Do not tie lids to containers
- Recycling receptacles must be marked as such

### CORRALS:
- Place out of the right-of-way but easily accessible for pick-up
- Front of corral should be no more than 26” in height
- Lids may be tied to the corral

### BULK TRASH:
- Large items such as furniture, wood, carpet etc.
- Toilet tanks must be separated from the base
- No pilings or piling butts
- Carpet must be cut into 4” lengths and tied in bundles weighing no more than 40 pounds
- NO more than 1 room of carpet will collected at once
- Clippings (chips, pine needles, cones, weeds, and grass) are to be placed in plastic bags weighing no more than 40 lbs.

### APPLIANCES AND SCRAP METAL:
Items include BBQ grills, lawn mowers, bicycles, etc. Please remove doors on large appliances for safety reasons. Call 609-492-2525 or email publicworks@beachhaven-nj.gov for pick-up

### WE CANNOT TAKE PROPANE TANKS
Propane tanks are considered household hazardous waste and may be accepted at local gas stations with propane exchange programs or at Home Depot and Lowes. Additionally you can call Ocean County Recycling at 1-800-55-RECYCLE for more information.

### CONSTRUCTION DEBRIS:
Construction debris is a mandatory recyclable. Contractor must give all tonnage reports of material that is hauled away to the Borough. Contractors may call 609-492-2525 or email reports to jsferra@beachhaven-nj.gov. Contractor construction debris will not be picked up curbside. If there is a building permit, the homeowner is responsible for disposal of all debris due to construction.

### RECYCLING:
DO NOT TIE NEWSPAPERS IN BUNDLES. RECYCLABLES IN PLASTIC BAGS WILL NOT BE PICKED UP

### RIGID PLASTIC:
Residents can place at the curb for pick up. (Check the web site for acceptable items)

### ELECTRONICS:
Pick-up only for Borough of Beach Haven residents. Residents and homeowners can call 609-492-2525 or email publicworks@beachhaven-nj.gov for the following four electronic materials only:
- Computers
- TVs
- Monitors
- Laptops

Homeowners and residents can also drop off electronics at the Southern Ocean County Facility in Manahawkin.

### BRUSH:
- All brush (tree limbs, branches) is recyclable
- Must be tied in 4’ bundles weighing no more than 40 pounds
- Diameter of limbs should be no more 3-1/2”
- Brush should not be placed on dunes
- NO GRASS, LEAVES, BAMBOO, VINES
- NO BRUSH IN PLASTIC BAGS
- Brush can be tied or stacked neatly with the butt ends facing the street end
- Excessive amounts of brush or brush cut by a contractor will not be picked up.

### PLASTIC BAGS
Plastic bags should not be in recyclables and recyclables should not be in plastic bags.

DO NOT PUT SHREDDED PAPER IN YOUR RECYCLE BIN.

**HISTORIC & ENVIRONMENTAL TOPICS** discussed in weekly Monday Night Talks at 7:30PM, start on July 2nd and run through Labor Day at LBI Historical Museum.

**KIDS’ PROGRAMS** at the LBI Historical Museum, start on July 9th and run through August 30th, every Monday and Thursday, from 10:30AM to 12PM.

**CHILDREN’S STORY HOUR** takes place every Wednesday at 10:30AM from July 18th through August 22nd at the Beach Haven Library.
Americans throw away 35 billion plastic water bottles every year. Using a hydration station is a great way to reduce the number of plastic bottles that often end up as litter. You can refill your reusable water bottle at the Borough's hydration station. Refer to the Borough's website for more information and the location of the hydration station.

SUNDAY MONDAY TUESDAY WEDNESDAY THURSDAY FRIDAY SATURDAY

restrict your use of fertilizers and pesticides. 

Landscape your property using native vegetation and plants. 

Properly store fertilizers and pesticides.

Repel insects. 

Try alternatives to pesticides, such as plants that correct application procedures. 

Follow the instructions on the bag label for predicted. 

Do not apply fertilizers if heavy rain is 

expected to occur in the next 24 hours. 

Use a drop spreader to apply fertilizer. 

Beach Haven is located within the 100-year floodplain and additionally entirely located in what FEMA has labeled as a Special Flood Hazard Area. A home within a special flood hazard area has a 26% chance of experiencing flood damage during the term of a 30-year mortgage. Since our community is situated between the Atlantic Ocean to the east and the Barnegat Bay to the west, we are especially vulnerable to the destructive effects of rising flood waters.

Ask your Insurance Agent if you are covered for Flood Damage. Renters should also buy flood insurance to cover their personal property. It takes thirty days for a flood policy to take effect. This is why you need to purchase flood insurance before flooding occurs. For more information go to www.floodsmart.gov.

The best way to minimize flood damage is to raise your house so the lowest habitable floor is above your base flood elevation.

Is the main electrical switchbox located above potential flood waters? The main electric panel board height is regulated by code. All electrical work should be done by a licensed electrician.

Are electric outlets and switches located above potential flood waters? Consider elevating all electrical outlets, switches, light sockets, electric baseboard heaters, and wiring above the projected flood elevation for your home.

Are the furnace, water heater, washer, dryer above potential flood waters? Outside air conditioning compressors and heat pumps are required to be placed on a base above the projected flood elevation. All work must conform to state and local building codes.

Does your home have flood vents? Installation of flood vents within the enclosure space below the first floor allows for flood waters to flow through equalizing hydrostatic pressure and may lower your flood insurance premium.

Flood insurance rate maps are on file in the Borough Building Department. For a determination of your flood zone, flooding and drainage issues, or for a personal consultation on flood mitigation and retrofitting of your flood prone home please call 609-492-0909.

Local permits are required for all developments and improvements BEFORE you make any improvements, contact the construction office to determine what permits are required at 609-492-0909.

Preliminary Base Flood Elevation Maps have been developed by FEMA and are available for viewing online at www.region2coastal.com.

The Borough is prone to flooding from hurricanes, tropical storms and northeasters. The dunes are our best protection against storm damage and erosion and are also our first line of defense against the onslaught of the high incoming seas resulting from storms. Preserving these dunes is of the utmost importance. The Borough maintains strict standards for dune restoration and preservation. Residents and visitors are reminded not to remove any sediment or native vegetation, place any non-living trees, brush, shrubs or other debris or remove or destroy any sand fencing, unless it is part of an authorized dune maintenance activity. Homeowners are encouraged to plant dune grass which helps to stabilize them. For further information on these topics please contact your CRS Coordinator, Bev Tromm via email at emergmgmt@beachhaven-nj.gov.
Solutions to Stormwater Pollution

Actions You Can Take to Protect and Restore Barnegat Bay

Why does Barnegat Bay need our help?

Long appreciated for its great aesthetic, economic and recreational value, an array of human impacts now threaten the health of Barnegat Bay.

Pollution on streets, parking lots and lawns is washed by rain and snow melt into ditches, storm drains, streams, rivers and ultimately, Barnegat Bay.

This stormwater pollution is one of Barnegat Bay’s greatest threats to clean water and the rivers and creeks that drain into it. Fertilizers, pesticides, motor oil, animal waste, detergents, grass clippings, yard waste and litter are all examples of stormwater pollution.

Limit your use of fertilizers and pesticides

- Do a soil test to see if you need to fertilize.
- Use a drop spreader to apply fertilizer.
- Sweep up fertilizer from pavement and other hard surfaces after applying.
- Do not apply fertilizers if heavy rain is predicted.
- Follow the instructions on the bag label for correct application procedures.
- Try alternatives to pesticides, such as plants that repel insects.
- Properly store pesticides, such as plants that repel insects.
- Landscape your property using native vegetation and plants.

To learn more about the proper use of fertilizer, go to www.nj.gov/dep/healthylawnshealthywater.

As a resident, business, or visitor of Barnegat Bay, there are everyday actions you can take to help reduce stormwater pollution.

Clean up after your pet

- Use newspaper, bags or pooper-scoopers to pick up pet wastes.
- Dispose of pet waste in the trash or un-wrapped in a toilet.
- Never discard pet waste in a storm drain.

Don't feed wildlife

- Do not feed ducks, geese, or other forms of wildlife in public areas.

Don't litter

- Place litter in trash receptacles and keep it out of storm drains.
- Reduce, re-use and recycle.
- Participate in community cleanups.

Dispose of yard waste properly

- Keep leaves and grass out of storm drains.
- Use leaves and grass clippings for compost.
- Use a mulching mower that recycles grass clippings into the lawn.

Be a green boater

- Obey no wake zones and other navigational aids.
- Use pump-out stations and vessels, and don’t discharge raw sewage into open waters.
- Use non-toxic, biodegradable materials when cleaning, repairing and maintaining your boat.
- Collect paint chips, dust and residue and dispose of it in the trash.

Properly use and dispose of hazardous products

- Do not pour household or commercial cleaning products, including lawn and garden care products, motor oil, antifreeze and paints, down storm drains or into open water.
- Properly label and store hazardous products.
- Use natural or less toxic alternatives when possible.
- Recycle used motor oil.
- Contact your municipality, county or facility management office for the locations of hazardous-waste disposal facilities.

Take action and be part of the solution

Stormwater pollution is one of Barnegat Bay’s greatest threats. By sharing the responsibility and making these small, easy changes in our daily lives, we can keep common pollutants out of stormwater. It all adds up to cleaner water in the Bay and saves the high cost of cleaning it up once it becomes dirty.

To learn more about water quality and stormwater pollution, go to www.cleanwaternj.org
Readiness Month

BERNIE BERTRAND - PBN

Borough of Beach Haven
300 Engleside Avenue
Beach Haven, NJ 08008

EMERGENCIES HAPPEN ARE YOU PREPARED?

Things to do BEFORE an Emergency:
• Put together a go-bag: disaster supply kit, including a flashlight, batteries, cash, first aid supplies, medications, and copies of your critical information if you need to evacuate (don’t forget your Pet’s needs)
• Know where to go. If you are ordered to evacuate
• Know your evacuation route
• Know where shelters are located
• If you are in need of transportation or special help in order to evacuate register with LBI Health Dept. or online
  https://www13.state.nj.us/specialneeds
• Make a family emergency communication plan.

Things to do before you leave:
• Secure outside furniture etc. or bring indoors (anything that can become projectiles in high winds)
• Shut off water, gas and electric if told to do so
• Keep your car in good working condition, and keep the gas tank full; stock your vehicle with emergency supplies and a change of clothes

VISIT WWW.READY.GOV FOR MORE ON PREPAREDNESS

Sign up for Nixle to receive weather & flooding alerts, you can choose what messages you want to receive and how you receive them (text or email)
